

# IAEA NUCLEAR POWER PLANT SIMULATORS FOR EDUCATION AND TRAINING

*Tuesday, 4 November 2025 13:50 (15 minutes)*

The paper presents IAEA NPP simulators for education and training as well as related considerations for gap analysis and simulator choice.

More than twenty years of IAEA experience in the distribution and application of basic education and training simulators shows that education and training simulators are an effective medium for knowledge transfer.

The IAEA regularly arranges for the development of simulation software and corresponding training materials, sponsors training courses and workshops, and distributes computer programs and documentation.

## Technical Track

Education and Training
