

THE SECOND SAUDI INTERNATIONAL CONFERENCE ON NUCLEAR  
POWER ENGINEERING (SCOPE-2)

Contribution ID: 25246

Type: **Poster**

## **Modeling Impact of Roughness and Wettability on Critical Heat Flux Predictions**

*Tuesday, 4 November 2025 13:18 (1 minute)*

### **Technical Track**

Nuclear Thermal-Hydraulics

**Primary authors:** DING, Alice (Massachusetts Institute of Technology); Prof. BAGLIETTO, Emilio (Massachusetts Institutes of Technology); Prof. BUCCI, Matteo (Massachusetts Institute of Technology)

**Session Classification:** Poster
