

THE SECOND SAUDI INTERNATIONAL CONFERENCE ON NUCLEAR  
POWER ENGINEERING (SCOPE-2)

Contribution ID: 25357

Type: **Extended Abstract**

## Assessment of RANS Turbulent Heat Flux Models for High Prandtl Number Fluids Under Mixed Convection Regime

*Tuesday, 4 November 2025 13:48 (1 minute)*

### Technical Track

Nuclear Thermal-Hydraulics

**Primary authors:** ALASIF, Abdullah (Office of Planning and Quality); SHAMS, Afaque (Industrial Nuclear Energy (I) - IRC - General); ALARBASH, HUSSAIN (Mechanical Engineering); ALEBRAHIM, MOHAMMED (Chemical Engineering)

**Session Classification:** Poster
