

# Numerical Evaluation of Turbulent Mass Transfer in Separated Flows for the Prediction of Flow-Accelerated Corrosion

*Tuesday, 4 November 2025 10:07 (7 minutes)*

## Technical Track

Nuclear Thermal-Hydraulics

**Primary authors:** MERI, Yazan (King Fahd University of Petroleum and Minerals - Mechanical Engineering Department); SIDDIQUI, Osman Kaleem (Interdisciplinary Research Center for Industrial Nuclear Energy (IRC-INE), King Fahd University of Petroleum & Minerals (KFUPM)); HUNTER, Timothy (University of Leeds); SHAMS, Afaque (Industrial Nuclear Energy (I) - IRC - General)

**Session Classification:** Student Competition
