

Computational Investigation of Flow-Induced Vibration in Nuclear Fuel Rods: Effects of Flow Velocity and Turbulence Models

Monday, 3 November 2025 14:50 (7 minutes)

Technical Track

Nuclear Thermal-Hydraulics

Primary authors: ALYA, FAIZ (Mechanical Engineering); Prof. AL-ATHEL, Khaled (King Fahd University of Petroleum and Minerals); Dr SHAMS, Afaq (King Fahd University of Petroleum and Minerals); Dr SIDDIQUI, Osman Kaleem (Interdisciplinary Research Center for Industrial Nuclear Energy (IRC-INE), King Fahd University of Petroleum & Minerals (KFUPM))

Session Classification: Student Competition
