

A Comparative Performance Analysis of Standard RANS Models for Simulating Turbulent Impinging Jet Heat Transfer with Variable Prandtl Number Fluids

Tuesday, 4 November 2025 13:34 (1 minute)

Technical Track

Nuclear Thermal-Hydraulics

Primary authors: ALGHAMDI, ALBARAA (Mechanical Engineering); Mr AL ASIF, Abdullah (Mechanical Engineering - KFUPM); Dr SHAMS, Afaq (Mechanical Engineering - KFUPM); Mr BASELM, Ayman (Mechanical Engineering - KFUPM); AL BETAIRY, Faisal (Mechanical Engineering - KFUPM)

Session Classification: Poster
